AAFC-BRC Beef & Pasture Tour *Grazing Solutions for Range and Pasture*

September 8 & 9, 2010

Brandon Research Centre, Brandon, Manitoba

8:45 a.m. Registration – Lunch provided

Day 1 – \$25 / Day 2 – \$25 / Days 1 & 2 – \$40

Wednesday, September 8

Maximizing production and profits of forage-based beef – Brandon Research Centre

- New cultivars of annual forages (waxy coated barley) ▪ Novel feeds (dried distillers grains with solubles, flax)
- Alternative calving seasons (May-June) ▪ Alternative pasture management (rested grazing, pasture mixes)

Thursday, September 9

Ensuring environmental sustainability of forage-based beef – Rural Municipality of Wallace

- Impact of climate change on vegetation (Sustainable Agriculture Environment Systems site)
- Rehabilitating native pastures (AESB community pasture) ▪ Nesting cover for waterfowl (Ducks Unlimited site)
- Agri-environmental stewardship (Woodworth Grazing Club)

All tour buses depart from Brandon Research Centre. For more information and to confirm attendance (by September 1st for meal planning), e-mail event.brc@agr.gc.ca or phone 204-578-3604.

This event is being co-hosted by Agriculture and Agri-Food Canada (Research Branch and Agri-Environment Services Branch), Manitoba Agriculture, Food and Rural Initiatives and the Society for Range Management (Northern Great Plains Section).
